

## **Culinary Team Experiences for National Law Firm Conferences**

### **Designed for High-Performing Professionals**

CEO Chef partners with national law firms to deliver structured, high-impact culinary experiences that align with the professionalism, intelligence, and competitive spirit of legal teams.

Our programs are built for conference environments and are designed to integrate seamlessly into multi-day agendas.

### **Flexible Conference Formats**

We understand that law firm conferences often include multiple tracks, breakout options, and competitive elements across several days. Our experiences can be structured to support:

- A featured full-group culinary championship for 300 to 500+ attendees
- Simultaneous breakout experiences for smaller practice groups
- One-hour competitive sessions built into a larger scoring framework
- Rotating activity options alongside other conference programming
- Executive-only culinary leadership sessions

We scale from intimate leadership groups to large, high-energy competitions with 30+ teams competing simultaneously.

### **Proven in National Conference Settings**

CEO Chef has successfully delivered large-scale culinary competitions for national law firms, including:

- One-hour championship formats with 30 teams of eight participants
- Integrated multi-day scoring systems tied to conference themes
- High-profile video introductions from keynote personalities and firm leadership
- Structured competition with final awards presented at closing ceremonies

Our role is to elevate your conference experience while maintaining the professionalism your firm expects.

## What Makes Our Approach Different

- Professionally facilitated and strategically structured
- Designed around leadership, collaboration, and performance under pressure
- Seamless integration into hotel ballrooms and conference venues
- Fully scalable production and equipment management
- Clean execution without gimmicks

This is an experience that feels intelligent, competitive, and worthy of your audience.

## Author & Thought Leader

Founder Jim Connolly is the author of the Amazon #1 bestselling book, **Cooking Team Building 2.0**

His work reframes culinary competition as a powerful metaphor for leadership, execution, and team performance under pressure.

## Conference Experience Partner

We do more than run an activity. We collaborate with your event planning team to:

- Align the experience with conference themes
- Integrate scoring across multiple days
- Coordinate seamlessly with hotel and venue staff
- Deliver a structured, professional production
